

Kingswood Nursery Newsletter

November 2019

The children have been developing a lot of interest with in role play; particularly following on from the Italian restaurant which was very popular. They have enjoyed using real herbs and spices to mix and create, taking and recording orders from their customers, preparing and cooking and most of all serving their friends with a smile! The children are consistently extending their play by introducing more resources such as tills and money to develop and act out their experiences.

As many of you may have already noticed, we have started to rotate the groups around at the beginning of each session for 'busy fingers' as the children are now well settled. We believe this change is beneficial to avoid the classroom becoming overcrowded. Please check the rota outside the main door, so you can see where your child's key group are for that day. Thank you ☺

Home Learning

Find 5 of your favourite figures, e.g. a plastic doll, a superhero, a bear, a toy dog, a dinosaur and plastic troll, trying to make sure they are all different sizes. Stand them up and put them in order from the shortest to the tallest. Is the tallest one in the line, the tallest toy you own? How tall is the tallest toy you own? What could you use to measure it?

Please can we just request that all parents are naming their children's winter clothing such as hats, scarves and hats! Thank-you!
