Frozen comes to pre-school!

The children have been exploring the properties of ice in pre-school. The children shared their thoughts and feeling as they held, flicked and crushed the ice cubes.

"freezing!" "slippery!" "It's turning water!" "It's ice from the ice-cream!"

Decorating pre-school

Preschool has been a hive of all things Christmassy the past few weeks. The children have been busy creating a Christmas garland using: dried orange and lemon slices, cinnamon sticks, pine cones and ribbon. The children used their fine motor skills to carefully thread their selected items on to a gold wire.

The children enjoyed using their senses to guess what the dried fruits and spices were. The children discovered different textures from spikey cones, velvety ribbon and rough fruit. I hope you agree that they all did a great job.

Santa's little helpers

We have been getting to grips with sticky tape, scissors and wrapping paper in pre-school. The children enjoyed selecting empty tubes and boxes and their choice of wrapping paper. It was a little fiddly but all the children showed perseverance as they wrapped their gifts.

True elves in the making!

Christmas production

Thank you to all the parents, carers, relatives and friends who came to watch and support the children in their Christmas production. Nursery and Pre-School came together to put on a wonderful Christmas show. Pre-School sang and signed to 'Twinkle Twinkle Little Star' and 'We wish you a Merry Christmas'. It was a delightful performance and we are very proud of all the children

Pre-school staff would like to wish all our families a Merry Christmas and a Happy New Year.

Please share on Tapestry some of the activities you get up to over Christmas and take part in our end of term challenge around the theme of 'Giving'. This may be a gift, time

to help others or something similar. We look forward to finding out about the ways you have cared and given to others.
