

Nursery Newsletter

15th December 2016

"We will go and explore the ice"

Now we are **experiencing** a change in weather, the children have thoroughly enjoyed playing outside over the last couple of weeks, noticing changes and **describing** and **investigating** what they are **observing**.

"We're making snow angels"

"My hands are warm, the ice is melting"

"The ice sounds crunchy"

We have lots of very **excited** children in Nursery, who have been very busy **engaging** in lots of role play, **imagining** and **pretending** they work in Santa's workshop as elves, reindeers and even Santa Clause. Using the children's **thoughts and ideas**, we have created a workshop and grotto which everyone has been completely **involved** in linking in to **all areas of learning** and developing lots of **skills**. It has been wonderful watching them **create their own stories**, expand upon each other's ideas and link **the outside and indoor role play** as they create the presents inside and deliver them to the house outside.

ROAD SAFETY!
The children have been learning about dangers on the street, developing an understanding and awareness of how to keep ourselves and others safe.

Well done to each and every one of you!
What an amazing performance of the Nativity!

Home Learning

We have introduced and shared a range of traditional tales to the children which they have been listening to and now beginning to re-tell the story back, remembering the main events.

You may wish to continue this skill at home by reading stories with your child and recalling what has happened after. By doing this your child will become confident and familiar with stories.

We would love to receive a 'moment from home' to share with us and your child's learning journal.

We will be visiting 'Goldilocks and the three bears' in January.

Moment from Home
Christmas 2016
