

Nursery Newsletter

15th September 2017

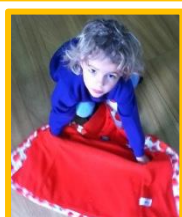

Welcome Back!

A huge welcome to all our new children and families who have joined us this year. To all those who have come back, we hope you have all had a lovely summer break. The children have settled into nursery beautifully and have been busy exploring across the setting, finding and discovering a huge amount on offer. Thank you for all your continued support in settling your children.

Moments from home

We have been delighted seeing your 'moments from home' and sharing them with us all. You can find these sheets on the 'Moments from home' display board in Nursery, or ask a member of staff.

We have all been busy making friends and learning the routine of the day which we are all becoming familiar with. The children are really enjoying exploring the nursery environment and learning how to use the resources appropriately. The children have really engaged in messy play activities, role playing in the home corner and venturing around the large outdoor space.
