Dear Parents & Carers

Request for courteous parking

One of our school values is that everyone's safety and wellbeing are our priority, and I very much believe this should be extended to our local community. I am keen that we maintain good relationships with our neighbours, and that the children at Kingswood experience courtesy and kindness modelled on a daily basis.

Recently some of our neighbours have been left upset by parents blocking cars into driveways, or preventing access to their driveway. One, who is currently in a vulnerable position, was most distressed by the situation and I'm personally saddened that a parent at Kingswood would park in such a thoughtless manner.

The cars that have been reported to us include:

A black Peugeot REG: KV19

A black BMW

Car REG: LM70 UFC

I have reassured our neighbours that this practice will not continue. **There is no excuse for parking across driveways OR dropped kerbs; please refrain from doing this.** This is in line with the Highway Code. Unfortunately I am now in a position where I have had to inform the police, who will be enforcing this and I have advised residents to do the same.

The beginning and the end of the day are lighter and drier which means it is easier to park further away and walk to school. I would urge you all to consider this, especially since we have a 'soft start' time and are keen to promote physical development for our children.

I thank you for your support in being considerate in the future.

Very best wishes,

Mrs Macdonald
