

**July 2019 – We have had a wonderful year at Kingswood and have loved watching the children grow and progress. The relationships we have with parents is truly valued and we are extremely grateful for all of the positive feedback you have sent in at the end of this term.**

**We send our best wishes to the children and families who are moving on to new settings; go out into the world and seize every challenge!**

**We will miss you all!**

**Thank you from all the staff at Kingswood.**

My son loved his time at Nursery. He always tells me about his day with great enthusiasm. He has bonded with all of staff and children. He always seems very confident and proud of himself.

My son will miss Nursery greatly. If he is as happy at school as he is at Nursery, I will be over the moon!

I am really pleased with my daughter's progress. Her language, writing skills and overall behaviour has improved. The quality of teaching has been excellent and she has thoroughly enjoyed her time at Kingswood.

Thank you so much to all of you. Beatrice

Firstly, I would like to say thank you to Julie and Petra for your invaluable teaching skills and love you have shown and given to my son. We really appreciate it.

Nature group is also such a special gift you gave him. He absolutely loved it every week. Such a brilliant way to help him thrive.

Not only did you teach the kids but you also took the time to teach us! The mathematics and phonics workshop have been so helpful for ideas and the new teaching methods. I now get to get terminology that my son understands and can follow ie. pushing the buttons for each noise of a world!

Thank you all, we look forward to return with my daughter.

Naomi

Thank you for such a lovely informative report. It really reflects my daughter in her learning and personality. Thank you Kayleigh and all staff for giving my daughter such a great start. You are all brilliant !

Thank you for such a wonderful report and feedback, it has made us extremely proud. It has been lovely reading about her development, strengths and how her confidence has grown, which is testament to the amazing care nurturing and quality of education offered at Kingswood. I cannot thank you enough and I know you will all be greatly missed.  
Julia

To All Kingswood Teachers,  
Thank you so much for teaching our little lady all the amazing things she now knows.  
She has loved going to school every day and will miss you all.

We are really glad to read the report. I am so happy she became a really open and different person since she started Nursery. Kingswood was a very good choice, and I would personally recommend your Nursery to everyone. Thank you so much for your support and for the lots of different activities you've shown and taught her.  
Best wishes to you from Anna and Viktor.

We are really pleased with how my son has developed in the last year, mostly in regards to his confidence levels and independence. He has always had a good level of concentration but through tasks and daily routines at Nursery, he is now even more focused on learning and developing new skills.  
In particular, my son has bonded with his teacher Julie and also Kayleigh who I feel each brought different strengths and ways of teaching that benefited him greatly. The amount and quality of parents workshops and parents' open sessions could not be faulted. Thank you!

We want to thank you for my son's final report, Nurture group update, Head's comments and staff goodbyes via Tapestry. They have highlighted his progress, since he joined the Kingswood family 2 years ago. My son's growth amazes us. He is now a confident, sociable, outgoing boy. He has made many friends at Kingswood but he talks most about the grown-ups there. He really does love you all, as do we. We never worry when he is at Kingswood. We know he will have fun, learn and be cared for in the way we do here at home. Besides the grown-ups, our second favourite thing about Kingswood is the exposure to the wider community, trips and events you offer.  
You are ALL AMAZING

I can't thank the staff at Kingswood Nursery School enough for the care and support they have given my daughter and family. Over the past 1.5 years my daughter's needs have been responded to and she has exceeded expectations in her development, this was only possible due to the time, effort and kindness involved in her care. What is evident is that all the staff in Nursery knew what her needs were and it felt like everyone was working together and were informed.

A special thank you to Gosia, Lisa and especially Mrs. Jackson and Julie.

Julie's input has been amazing and the 1:1 has really helped her through.

I am sorry that she is leaving Nursery, but I think she is as prepared as she can be for school thanks to Kingswood Nursery School.

Also, thank you to Sam and Tina for having the patience with many phone calls, emails and for responding so quickly.

To everybody at Kingswood.

You are all wonderful teachers. You have always gone a step further to help both of my boys. You will all be missed. We will miss every single one of you.

To everyone to Kingswood Nursery,  
I cannot thank you all enough for teaching and taking care of my daughter. She has developed so well over the past year and has enjoyed her time at your Nursery. I will miss the support that you have given with your extra session that you put in for parents. These have been so useful. Wishing you all the best for the future.

Thank you Kingswood Nursery,  
I'm glad you were my teachers as I've come to love you so, I can't believe, I'm all grown up and now I have to go!  
I will remember all the fun we had, the memories I will treasure. But now I have to move on and leave Kingswood Nursery forever. I will miss you all lots and lots from Darcey

To Mrs Jackson,  
Well, another year is over. I can't thank you and all the staff members at Kingswood enough for the impact you have had on my children. My daughter is moving on now to pastures new, as confident and prepared as she possibly can be. This last year has been wonderful, watching her grow and flourish. Your guidance and positivity has not only affected my daughters, but has left us with the ability to overcome any hurdles we face in the future. I am in no doubt she will have a wonderful experience at her new school. If she finds a hurdle too high I imagine she will march straight through!  
I leave my other daughter in your capable hands for the year ahead. She is so excited to be moving to the Nursery, as am I.  
So, have a wonderful summer break! You deserve it!  
See you in September!  
Emily
