

# Kingswood Pre-School

## Spring Newsletter

Welcome to the spring term newsletter, a short term but a busy one! Where do we start?! Well firstly we welcomed `Bonnie and Hope` our resident Guinea Pigs, who are now well adjusted to the noise levels and used to the attention! Then we hatched 5 very noisy ducklings, who learnt very quickly to jump out of their cage! Our resident Pigeon `Sophia` visits us daily looking for food, that the children have poured into the bird feeder. The weather has provided endless learning opportunities with the snow, wind, rain and occasional ray of sunshine! We welcomed in parent readers which the children have loved!

The children have fully immersed themselves in play and learning at Pre-School, continuing to be curious and confident learners through our `5 ways to wow` curriculum.

**The children are learning to:**

To **Converse** – Use Makaton signs and extend their vocabulary.

To **Care** – To care for animals and each other, remembering to be calm and gentle.

To **Connect** – Becoming aware of how to solve problems in their everyday routines, with support from grown-ups.

To be **Creative** – Learning about rhythm in songs and enjoying story time in a variety of contexts.

To be **Confident** – Becoming more independent and exploring both outside and inside.
